BURTON IS NOT COMING

**The Ohio Congressman
Intends to Visit
Europe.**

Word has been received by the Chamber of Commerce and the Merchants' Association that Congressman Theodore E. Burton, of Ohio, cannot accept the invitation that was sent him to visit Hawaii during the present recess of Congress. Mr. Burton had planned a trip to Europe, and it is his purpose to make it.

Accordingly, the commercial bodies have determined to extend even a more urgent invitation to Congressman Dalzell of Pennsylvania to come to the islands this summer. Mr. Dalzell has already announced a purpose to visit the Pacific Coast, and it would not be very much farther—and he would be assured of a most enjoyable visit.

John Dalzell, is a Republican member of Congress, his home city being Pittsburgh. He was first elected to the Fifty-third Congress and afterwards to the Fifty-fourth, Fifty-fifth, Fifty-sixth and Fifty-seventh Congresses and re-elected to the Fifty-eighth.

He is a member of the Committee on Rules, of which the Speaker is chairman, Mr. Dalzell being his right hand. He is also second on the list of the Committee on Ways and Means, one of the most important in the House list. It will be seen, therefore, that he will have power to aid the islands very materially in the passage of the refunding bill at the short session.

DOCTORS DISAGREE.

(Continued from Page 1.)
considered. I do not think that a Japanese physician who can not understand English is in a position to uphold the standing of the profession. I consider ethics to be as important as knowledge. This class of Japanese doctors cut prices and act as pirates in the profession. They care for nothing but the fee attached to their work, and I know that a great many of the operations they perform are wholly unnecessary, done only for the price that can be obtained for them.

"I consider that the profession has a right to be protected against these pirates and that the public should back the association up in this for their own protection. Physicians have as much right to their union as the mechanic, and as much right to protect themselves as the legal or any other profession. It is illegal for one lawyer to butt into another's case, why not for a doctor to steal another's case?"

"There are nine classes of practicing physicians in Japan, some of whom have only a smattering of knowledge. If we have to examine one of these in Japanese we can not satisfy ourselves as to his knowledge nor as to his appreciation of the ethics of the profession. I have said that I will not examine any more of them, and if it is decided that we have to, my resignation is ready."

"Of course I do not include all our Honolulu Japanese physicians in this class. We have some Japanese members of our Medical Association, who received their training in the best of our American colleges and of whom I have nothing but good to say. But many of the home trained Japanese doctors are not up to our standard, and we are well within our legal right in insisting that they show us that they are competent to practise before we allow them to do so here. In California the Medical Examining Board would laugh at the idea of giving an examination through an interpreter. Then why should we do so here in Hawaii?"

THE BRIGHT SIDE

of life. It is a feeling common to the majority of us that we do not get quite the amount of happiness we are entitled to. Among the countless things which tend to make us more or less miserable ill health takes first place. Hannah More said that sin was generally to be attributed to biliousness. No doubt a crippled liver with the resulting impure blood, is the cause of more mental gloom than any other single thing. And who can reckon up the fearful aggregate of pain, loss and fear arising from the many diseases which are familiar to mankind; like a vast cloud it hangs over a multitude no one can number. You can see these people everywhere. For them life can scarcely be said to have any "bright side" at all. Hence the eagerness with which they search for relief and cure. Remedies like WAMPOLE'S PREPARATION have not attained their high position in the confidence of the people by bald assertions and boasting advertisements. They are obliged to win it by doing actually what is claimed for them. That this remedy deserves its reputation is conceded. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites, Extracts of Malt and Wild Cherry. Nothing has such a record of success in Scrofula, Influenza, Throat and Lung Troubles, and emaciating complaints and disorders that tend to undermine the foundations of strength and vigour. Its use helps to show life's brighter side. Professor Reddy, of Canada, says: "I have much pleasure in stating that I have used it in cases of debility and found it to be a very valuable remedy as well as pleasing to take." You cannot be disappointed in it. Sold by chemists.

RED MEN.

The officers of the Hawaiian Tribe No. 1, Imperial Order of Red Men, were duly installed on Friday evening, the ceremony taking place at their council chamber, 1, O. O. F. Hall. Reports from the various retiring officers were read, showing the marked success of the order during their terms and the excellent financial standing of the lodge. The officers installed were: W. F. Drake, Sachem; E. V. Todd, Senior Sagamore; A. D. Castro, Junior Sagamore; W. C. McCoy, Prophet; A. E. Murphy, Chief of Records; T. A. Simpson, Keeper of Wampum, and B. C. Oliveira, Collector of Wampum.

Good appetite, good digestion, refreshing sleep—these are essential to good health; and the following testimonial shows how they were obtained by using

**Ayer's
Sarsaparilla**

"Six years ago I had an attack of indigestion and liver complaint that lasted for weeks. I was unable to do any hard

work, had no appetite, food distressed me, and I suffered much from headache. My skin was sallow, and sleep did not refresh me. I tried several remedies without obtaining any relief. Finally, one of my customers recommended Ayer's Sarsaparilla. It helped me from the first—in fact, after taking six bottles I was completely cured, and could eat anything and sleep like a child."

There are many imitation Sarsaparillas. Be sure you get "AYER'S."

Have You a Shakespeare?

The finest set of Shakespeare ever published was compiled with notes, etc., by Wm. Aldis Wright, Israel Gallancz, Alec Dyce, W. J. Roife and Henry Hudson.

It was called the Dana-Estes edition and sold for \$7 a volume.

Its price heretofore allowed only people of means to possess it.

But, now we have a beautiful edition, half morocco, printed from the same identical plates as the Dana-Estes edition, with the same illustrations, at \$2.50 a volume. There are 20 vols., making the set complete \$50.00, which you can pay in easy monthly instalments.

If you contemplate buying a set of Shakespeare don't miss this one.
